Subject: Your email from **10th September 2026**

Dear all,

Thank you very much for your email and for sharing your concerns with us.

The European Union has spoken clearly and firmly in response to statements that are contrary to fundamental European values. The glorification of war criminals has no place either in the European Union or in candidate countries seeking membership.

As a candidate country, Montenegro must respect the judgments of international courts, protect the dignity of victims and their families, and reject any glorification or relativisation of war crimes.

Please rest assured that the European Union Delegation to Montenegro will continue to closely follow developments in this area within the framework of our monitoring activities in the country.

Yours sincerely,

Andrea HOCHHUBER

Acting Head of European Integration,
Political, Press and Information Section
